

# UT22B-EU

## Voltage Tester

The UT22B voltage tester is a simple to use tool for electricians and DIYers to measure AC/DC voltage. This voltage tester is IP54 rated, and designed to withstand a 2-meter drop. The great thing about this product is that it does not require any battery, its power is supplied by the voltage being tested! UT22B can automatically distinguish between AC and DC voltage, indicated by the number of LED lights.

	Range	
Voltage indication (V AC/DC)	12V	6V~12V
	24V	17V~24V
	50V	35V~50V
	120V	84V~120V
	230V	161V~230V
	400V	280V~400V
<b>Features</b>		
Frequency (AC)	50/60Hz	√
Voltage indication		LED
Auto detection of AC/DC		√
Input protection		√
Drop test		2m
IP54		√
Power	None, powered by external source	
Product color	Red and grey	
Product net weight	150g	
Product size (W x H x D)	116mm x 33mm x 22mm	
Standard individual packing	Gift box
